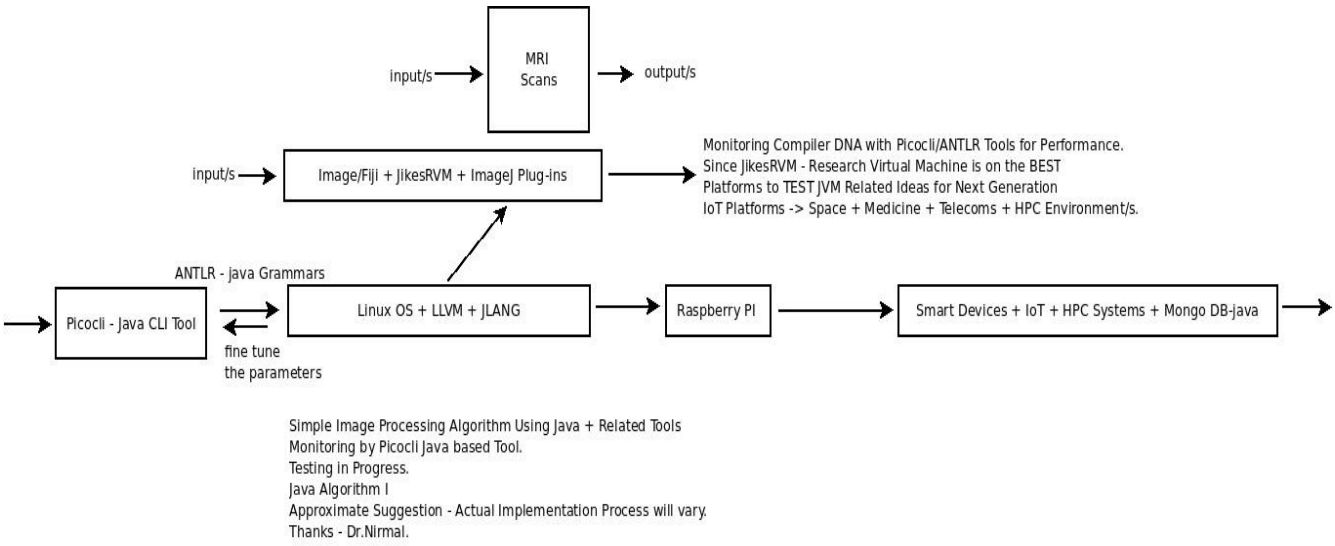
[I] Idea + Inspiration + Introduction :

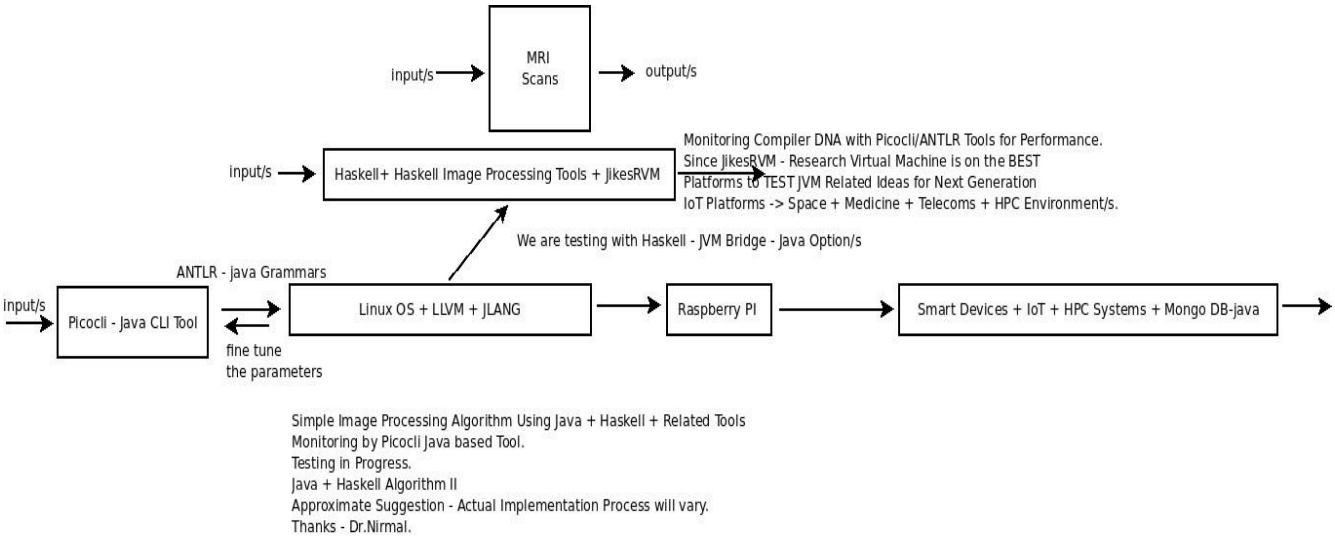
Haskell + ETA + Java based Medical Image Processing Using Different Hardware/Software Tools.

[II] R&D Informatics Framework Using Java + Related Tools :

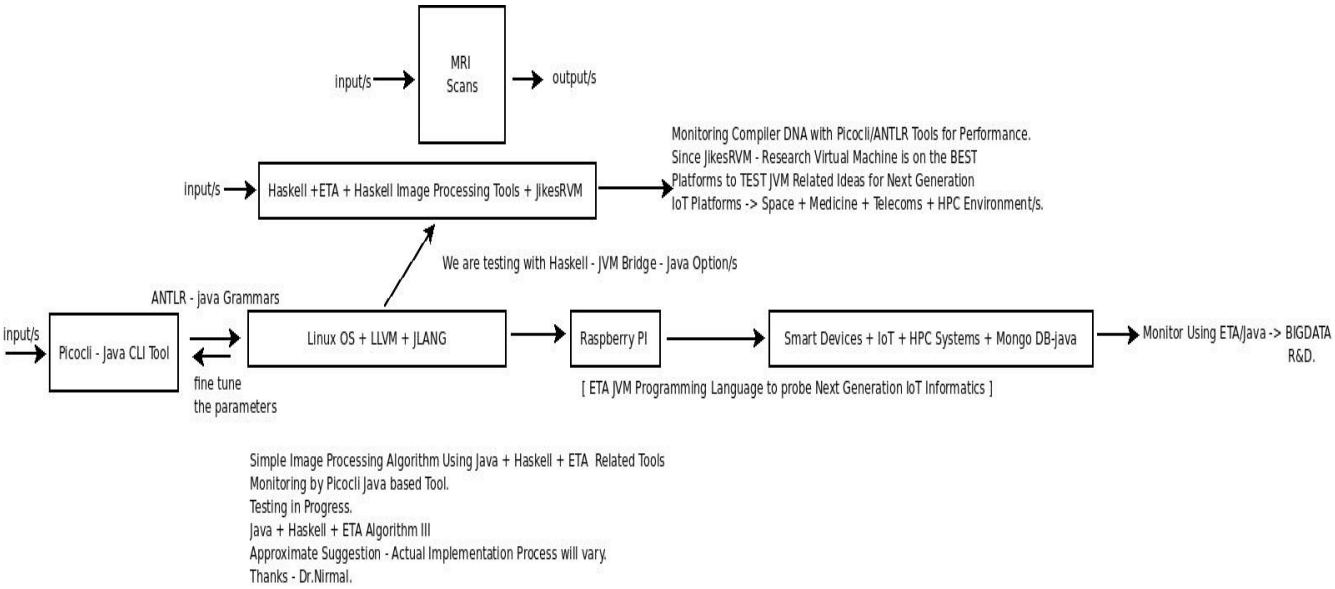


[Figure I – Simple Algorithm I]

[A Simple Suggestion to TEST → Medical Image Processing Using Java + JVM + Haskell + ETA + High Performance Computing + MRI System + Raspberry PI – To Derive A Comparative Study]



[Figure II – Simple Algorithm II]



[Figure III – Simple Algorithm III]

[III] Important + Useful References :

[IV] Acknowledgment/s :

Sincere Thanks to all WHO made this happen in my LIFE. Non-Profit R&D.
Inspiring Others is always GOOD.

[V] Conclusion/s With Future Perspectives : Our TITLE is just ENOUGH.

[THE END]

Date : 2nd - April - 2021
